# Care Enough to Share

# Care Enough to Share

Dear Neighbor:

Thank you for choosing us for the dental care of you and your family. Our goal has always been to provide you with the highest quality dental care in the friendliest, most caring way possible.

We hope the care you received by our doctors and staff will inspire you to share us with your friends and family. Our practice continues to grow because of the referrals of caring patients like you. That's why we have established our *Care Enough to Share* program to thank you in a special way that allows both you and your friends and family to receive the dental care you deserve.

Please visit us online  
for more details:

## Here's how the Care Enough to Share

program works:

1. Write your name and address on the attached \$50 referral certificate.
2. Give it to a friend, neighbor, co-worker or family member who has never been to our practice.
3. This certificate will give them a \$50 credit on their first visit.
4. When they redeem their certificate, we'll thank you with a \$50 Dental Care credit to your account.

There is no limit to the number of \$50 Dental Care credits you can use. They can be applied toward routine dental work or cosmetic dentistry to brighten your smile – including whitening treatments and Invisalign, the invisible way to straighten teeth.

Every person that you refer  
receives this \$50 Certificate to  
use on their next dental visit.

# Care Enough to Share

When they redeem it, you will receive  
\$50 credit towards dental care!
